Confirmed cases and deaths

Logarithmic evolution

Confirmed cases forecast

Note 1: Forecasts are recalculated every day by an algorithm with the new data.

Note 2: New cases of the day are updated at ~ 00:00 (time zone UTC +1). Data source: wikipedia & BNO

Note 3: Forecasts have no scientific value and are only presented for experimental purposes.

Note 4: You can download and use freely these data at your convenience.
